

Dedicated to Pain-Free Living

PROUD PARTNER OF THE LA KINGS

BACKGROUND

HiDow is the only product in the industry that performs its own research, development, and utilizes manufacturing departments with American FDA OTC Clearance, European CE, and Health Canada Registration.

Problem

Nerve stimulators have been an increasing demand on the market making it a gateway for crooks to deceive the F.D.A. and U.S. customers by mislabeling them as "massagers." This generated an inrush of fly-by-night vendors that use professional events as a way to make a quick buck through pushy sales strategies and poor customer service. Ultimately, this left a bad impression on show attendees which resulted in dissatisfaction regarding future events.

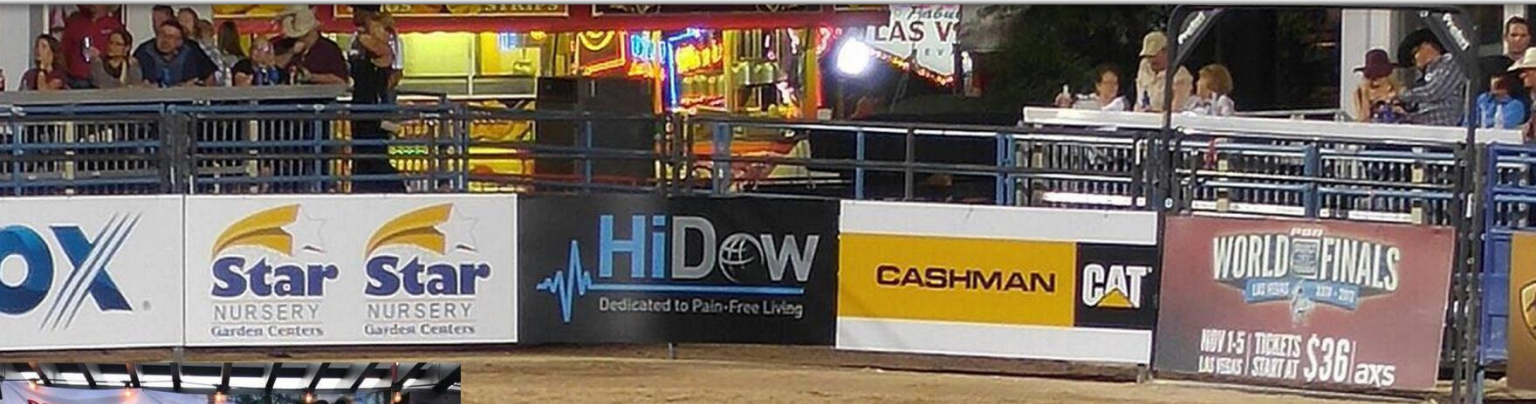

HiDow Difference

HiDow is a combination of nerve stimulation (TENS), muscle stimulation (EMS), and Micro-Current Therapy. Typically, one machine is utilized for one each specialty, but consumers can get the best of all three in one unit. Every customer interested in trying HiDow receives a consultation by a specialist who runs a pain test to ensure the machine works best according to their needs. Because with HiDow customer satisfaction comes first.

HELPING OTHERS IS OUR CULTURE

EVENT TESTIMONIALS

"The HiDow team has always been a delight to work with as they're friendly to show guests. It's a true pleasure to always work with them every year."

-Katie More

"Many companies pretend to be quality vendors in the category of electronic stimulus. Many of them are small, but unusually unprofessional operators. Only one, HiDow offers a professional approach to events as they work with customers and their needs. They're a remarkable operator with incredible marketing, uniforms, and displays to their events. It's been years, and they have taken their FDA-approved products everywhere on the road. We've never had an issue with HiDow. Instead, it's all praises and good cheer. They know what they're doing in the business, and they continue to do so with good work."

-Marty Chronin

"Our staff have enjoyed the work of HiDow and how they represented their team and our expo. We really appreciate the way they carry themselves and how they take care of their customers! We look forward to much more expos with them!"

-Janet Brown

"HiDow and their team are experts in what they do. Every time there's an event, their booth is filled with customers trying to see what they offer. This is for a good reason as they really tailor a consultation to their customers. It's always a pleasure to have them in our expo!"

-Cliff Evans

"When HiDow is here, we know we'll have a good event. We love the way they represent themselves to others as they focus on quality products. Nothing but positive things to say about them!"

-Gino Agricola
